

There is no good reason why anyone should be bullied. It is not a normal part of being a child or an adolescent.

“Everyday I go to school afraid.” Middle School Student

“No school studied has zero bullying.” Author Ken Rigby

- **Do take bullying seriously.**
- **Don't stand by and watch and do nothing.**
- **Do create a positive culture in school and home. It is the best prevention.**
- **Don't confuse taunting with teasing.**
- **Do create a community/school committee with students, parents, teachers and administrators to understand the reality.**

Ralph Schillace, Ph.D and Associates are available for Presentations, Consultation and Training on effective evidence-based interventions to prevent and undo the personal and social injury from bullying in school.

We are highly experienced with over 35 years of practice in clinical psychology and 22 years in public education.
